## 1 Anti-Mould Impregnation 750 ml

Lasting protection against mould, fungi, algae and moss in problem areas with unfavourable humidity conditions and thermal bridging. Protects against the formation of new mildew. Odourless and therefore suitable for living room, bedroom and children's rooms. For walls with wallpaper, paint, tiles and masonry.

(Use protective and disinfection agents safely.  
Before use, always read the labelling and the product information.)

## 2 Anti-Mould Additive 1000 ml

Protect against mould when decorating. Additive for emulsion paint, wallpaper paste, plaster, mortar for immediate and long-term protection against mould and microbial infestation, particularly where there is thermal bridging and problem areas with unfavourable humidity conditions. Also for treating the subsurface. Prevents the formation of mould, moss, fungi and algae.

(Use protective and disinfection agents safely.  
Before use, always read the labelling and the product information.)

## 3 Handwash Paste 500 ml

Smooth, pH-neutral formula gently deep cleans the toughest dirt. Removes greasy and oily stains as well as metal dust, graphite or soot without irritating the skin. For use at home, in the workshop, garden, agriculture and industry. Can be used when working on machinery, trucks, cars, motorbikes, painting and cleaning jobs, hobbies etc.

## 4 Hygiene all-purpose Cleaner 1000 ml

Disinfects and cleans all surfaces and floors. Bacteria, germs, viruses, fungi and pathogens are lastingly eliminated and dirt removed. Minimises infection risks. For all washable surfaces in the home, bathroom and toilet. Also for areas which are regularly in contact with pets, e.g. cages.

(Use protective and disinfection agents safely.  
Before use, always read the labelling and the product information.)

## 5 Hygiene Spray 750 ml

Disinfects and cleans all washable surfaces in the home and bathroom, plus floors and furniture. Bacteria, germs, viruses, fungi and pathogens are lastingly eliminated and dirt and unpleasant smells removed. For work surfaces in the kitchen which are regularly in contact with food. Also for pet cages, cat litter boxes, dog baskets and feeding bowls.

(Use protective and disinfection agents safely.  
Before use, always read the labelling and the product information.)

## 6 Mould Remover chlorine-free 750 ml

Easily removes mould, fungal infestation and mould stains. Innovative gel formula with long-lasting effect and deep penetration. Chlorine free and odourless, therefore particularly suitable for bedrooms and children's rooms. Disinfects and protects. Removes mould from wallpaper, plaster, masonry, stone, wood, ceramic surfaces, plastic, textiles and leather.

(Use protective and disinfection agents safely.  
Before use, always read the labelling and the product information.)

## 7 Mould Remover chlorine 750 ml

Powerfully and lastingly destroys all kinds of mould. Permanently eliminates fungi, mould stains and bacteria. Bleaches, disinfects and protects. With immediate effect. For all washable surfaces in residential buildings; particularly in the sanitary area, sauna and swimming pool.

(Use protective and disinfection agents safely.  
Before use, always read the labelling and the product information.)

## 8 Acrylic Cleaner 750 ml

For brightly coloured and shining acrylic surfaces. Gently and effectively removes dirt from all acrylic and plastic surfaces in sanitary and wet rooms, bathroom, shower and toilet. Acrylic surfaces treated become hygienically clean, dirt-repellent and easier to clean. Antistatic, with drip-off effect.

## 9 Sticker Remover 500 ml

Makes the removal of self-adhesive stickers and labels made of paper or plastic easier. Residue-free removal from almost all surfaces. Also removes tar, ink, lipstick, rubber marks, oil, grease and soot.

## 10 Oven, Grill & BBQ Cleaner 750 ml

Quickly and reliably removes even stubborn and burnt-on remains, grease and residues from frying and oily stains. Also works powerfully on vertical surfaces thanks to its gel structure. For all ovens, fan assisted ovens, fitted ovens, baking sheets, oven-proof dishes, pans, pots, grills and viewing panels.

## 11 Shower Cabinet Cleaner 750 ml

Self-acting - removes limescale and soap scum. Protects tiles, grouting and glass partitions with its drip-off effect. Regular application prevents the formation of limecale. Ensures hygienic cleanliness. For shower cabinets, partitions and shower curtains.

## 12 Stainless Steel & Chrome Care 500 ml

Stainless steel and chrome surfaces receive a uniform, clean, shining mat surface. Removes signs of wear, discolourations, greasy dirt, water marks and limescale. Provides a neutral protective film and makes the surface water-repellent. Preserves, prevents corrosion stains, finger marks and prints.

## 13 Stainless Steel & Chrome Cleaner 750 ml

Removes stubborn dirt and oily deposits quickly and thoroughly from brushed, smooth and polished stainless steel and chrome surfaces. Streak-free shine without scratches. Reduces resoiling and makes water-repellent. Fingerprints are no longer visible. For interior and exterior use.

## 14 Stain Remover 750 ml

For carpets and upholstered furniture. Universal stain remover for gentle, deep and simple elimination of soiling and stain-generating substances. Also removes tiresome and unpleasant odours, refreshes the carpet. Also suitable for textiles.

## 15 Grout Cleaner 750 ml

Removes grease, dirt, residues of care products and stubborn deposits. For the grouting of wall and floor tiles indoors and outdoors. For ceramic and natural stone tile grouting.

## 16 Descaler 1000 ml

Highly effective concentrate for quick and easy removal of limescale from household appliances. When used regularly, it guarantees longer life of the appliances, energy savings, and, for example in the preparation of drinks, consistent quality of taste. Also for espresso and coffee pad machines.

## 17 Ceramic Glass Cleaner 750 ml

For glass-ceramic and induction hobs. Gently and thoroughly removes greasy dirt, burnt-in marks, limescale and burnt-on food and leftovers. Provides a radiant, streak-free shine.

## 18 Boiler Cleaner 750 ml

Removes stubborn burn marks, soot, rust and dirt inside the boiler. Works immediately and reduces the vulnerability to corrosion and the formation of new deposits. Increases efficiency by improving the heat transfer and thus saves energy. For central heating, oil-fired boilers, gas boilers, solid fuel burners.

## 19 Fireplace & Stove Glass Cleaner 750 ml

For fireplace and oven glass. Self-acting - removes soot deposits, burn marks, grease and stubborn dirt with immediate effect. Easy to use.

## 20 Kitchen Degreaser 750 ml

Top degreasing power. Removes all types of household grease. Easily and reliably removes grease films, greasy deposits, burnt-on stains and even stubborn encrusted dirt. Powerful immediate effect, for hygienic and food-safe cleaning.

## 21 Fridge & Freezer Defroster 750 ml

Quickly and effortlessly removes ice deposits, iced up areas and ice crystals, enabling convenient and easy defrosting. Saves energy by removing ice layers and increases the efficiency of refrigeration units. For freezer compartments in refrigerators, freezers and freezer appliances.

## 22 Fridge Hygiene Cleaner 750 ml

Cleans and disinfects. Removes food residues, dirt, grease deposits and signs of wear. Prevents foodstuffs from perishing and ensures hygienic cleanliness. For all refrigerators and freezers. Also for microwave ovens and other areas which come into contact with foodstuffs.

(Use protective and disinfection agents safely. Before use, always read the labelling and the product information.)

## 23 Plastic & Synthetic Material Cleaner 750 ml

For all plastic surfaces in the household, garden, office and commercial areas. Works powerfully, gently and antistatically. Loosens and removes signs of wear, persistent soiling, oily and greasy dirt and deposits such as nicotine. Also for boats, cars, garden furniture.

## 24 Professional Glass Cleaner 1000 ml

Concentrate for streak-free and smear-free cleaning with high degreasing and desoiling power. Dries quickly. Prevents rapid resoiling with its anti-soiling effect. For cleaning glass, frames and car windows. Creates an anti-misting effect on mirrors and lenses. Also suitable for conservatories.

## 25 Drain-Ex Gel 1000 ml

For kitchen, bathroom and toilet. Loosens and dissolves persistent blockages such as oil and grease residues, food, hair, soap remains, cotton wool, etc. Gel structure ensures even distribution of the active ingredient. Highly effective, self-acting and eliminates unpleasant odours. Develops no heat, so gentle on plastic and metal pipes.

## 26 Drain-Ex Granules 600 g

Highly effective active granules. Loosens and dissolves even persistent blockages such as oil and grease residues, food, hair, soap scum, cotton wool, etc. in the kitchen and bathroom in basins and sinks, drains in the bath and shower, in the toilet and other drainage and piping systems. Self-acting and extremely fast. Even frozen drains are de-iced.

## 27 Sanitary Power Cleaner 750 ml

Basic cleaner for the rapid and effective removal of lime deposits, soap, shower gel and dirt residues, greyness and rust. Reduces the formation of harmful bacteria and germs. Gel-like - more adhesive and more effective. For a radiant shine and fresh smell.

## 28 Urine Scale & Limestone Remover 1000 ml

Intensive cleaner. Self-acting - eliminates urine stone, lime deposits, soap stone, rust stains and other stubborn dirt or deposits. For all acid-resistant ceramic surfaces in the sanitary area such as toilet, urinal, bidet or drainage installations as well as showers and baths.

## 29 Jacuzzi System Cleaner 1000 ml

Concentrate. Disinfects and cleans piping systems and nozzles of jacuzzi, whirlpools and their tubs. Prevents the growth of bacteria and the formation of unpleasant odours. Thoroughly removes soap scum, grease deposits and limescale, and thus the nutritional basis for micro-organisms.

(Use protective and disinfection agents safely. Before use, always read the labelling and the product information.)

## 30 Algae & Moss Remover 1000 ml

Concentrate. Self-acting - removes algae, mosses and green layers and protects against reinfestation. For all exterior surfaces of stone, wood, glass, concrete and ceramics. For patios, driveways, house facades, pavements, roofs, fences, roof tiles and roofing felt, paving stones, clinker bricks and flag stones, terracotta, etc.

(Use protective and disinfection agents safely. Before use, always read the labelling and the product information.)

## 31 Gravestone Cleaner 750 ml

For intensive and thorough cleaning. Removes even persistent dirt, dark and green layers, deposits and discolorations caused by plants or leaves. Works quickly and is immediately visible. For gravestones, stone steps, wall coverings, monuments, sculptures, stone fountains, and natural and artificial stones in the outdoor area.

(Use protective and disinfection agents safely. Before use, always read the labelling and the product information.)

### 32 Pressure Washer Additive 1000 ml

Highly concentrated dirt emulsifier, gently dissolves dirt, oil and grease, mineral contamination, persistent crusted-on dirt and deposits. Increases and supports the cleaning effect of pressure washers. Low lather. For car, house and garden, machinery, boats, agriculture and industry.

### 33 Decking Cleaner 1000 ml

Powerful but gentle cleaner for all outdoor wooden surfaces. Ideal for decking, fences, screens, garden sheds. Removes even the toughest stains without affecting the surface of the wood.

### 34 Awning Impregnation 750 ml

Long-lasting protective impregnation with drip-off effect. For all natural and synthetic substances. Makes surfaces water and dirt-repellent. Prevents the formation of green films and mould stains, and thus facilitates cleaning. For awnings, sun shades, window and conservatory shades, tents, boat covers, tarpaulins, convertible roofs, etc.

### 35 Awning Cleaner 750 ml

Cleaner for all natural and synthetic substances, gentle on materials and colours. Convenient application by simply spraying on. Self-acting - effectively removes even stubborn dirt such as bird droppings and environmental contamination. For awnings, sunshades, tents, tarpaulins, convertible roofs, etc. For basic cleaning before impregnation.

### 36 Metal & Zinc Cleaner 750 ml

Effectively removes greasy and oily residues and stains as well as soot from metal surfaces. Improves the adhesion of subsequent coatings. Prepares galvanised surfaces in particular for subsequent coatings. For use with all metal and non-metal surfaces. Used for e.g. fences, façades, balustrades, roofs, cars, trucks, caravans, boats, machinery etc.

### 37 Teak & Hardwood Oil 1000 ml

Cares for and protects oiled and natural hardwood surfaces. Treated wood remains durable and is protected against drying out, the effects of the weather and the formation of green films. Gives the wood its original hue back. Also for eucalyptus, bankirai and robinia. For furniture, garden benches, pergolas, carports, boat decks, gazebos, etc.

### 38 Teak & Hardwood Cleaner 750 ml

Concentrate. Refreshes hardwood surfaces. Removes even stubborn dirt, deposits, green layers and other impurities. Depending on the application, cleaning retains the natural patina of the wood or returns the original hue. Also for rattan furniture.

### 39 Terracotta Impregnation 1000 ml

For water and dirt-repellent impregnation. Protects against salt efflorescences, encrustations and green deposits. Provides long-term protection. For all absorbent surfaces in brick, terracotta, unglazed clay. Especially for flower pots and boxes, sculptures, monuments, fountains, vases or tiles. For interior and exterior use.

### 40 Terracotta Cleaner 750 ml

Self-acting. Loosens and removes efflorescence, deposits, the effects of weather and stubborn dirt. Intensive cleaner for all acid-resistant terracotta and clay surfaces. For flower pots, boxes, sculptures, monuments, fountains, vases or tiles. Also removes efflorescence or salt deposits on cotto tiles.

**41 Terracotta Care Lotion  
1000 ml**

Concentrate for cleaning, care and shine of waxed cotto coatings. With matt-gloss effect, refreshes the appearance, colour and structure. The floor is easier to maintain, insensitive and more dirt-repellent. Contains natural waxes. For waxed and pre-treated coatings of cotto, terracotta, clay and brick tiles.

**46 Tile & Stone Basic Cleaner  
alkaline 1000 ml**

Powerful basic cleaner concentrate for the gentle removal of old floor care product residues, stubborn dirt, crusted on grease and yellowed patches. For all interior and exterior alkali-resistant surfaces. For tiles, ceramic floor panels, porcelain and natural stones. Also for plastic, PVC and rubber coatings. Ideal for basic cleaning before applying protection and care products.

**42 Colour Intensifier  
1000 ml**

For all absorbent natural and artificial stone surfaces. Colours look more intense and fresher, almost as if they were wet. The impregnation reduces the vulnerability to soiling, makes surfaces water repellent and increases resistance to stains. For interior and exterior use on floors, steps, house entrances, patios, balconies, window sills.

**47 Tile & Stone Basic Cleaner  
acidic 1000 ml**

Powerful basic cleaner concentrate for the thorough and gentle removal of stubborn dirt, limescale, urine stone and mineral deposits, slight cement residues and rust from acid-resistant surfaces. For tiles, split tiles, ceramic floor panels, porcelain stoneware and acid-resistant natural stone. For interior and exterior use. Ideal as patio cleaner.

**43 Porcelain Stoneware  
Impregnation 1000 ml**

Sustained and invisible protection against oily, greasy, water-based stains and general dirt and signs of wear. Impregnated surfaces are stain-resistant and easy to clean. For polished, matt, ground and structured porcelain stoneware. For interior and exterior use. Can also be used as grout protection.

**48 Tile Cleaner  
1000 ml**

Concentrate for easy everyday cleaning. Tile surfaces shine brightly with minimum effort. Water marks, soap scum, dirt and limescale are removed. The natural colour structure of the tile is restored. For all wall and floor tiles.

**44 Porcelain Stoneware Cleaner  
1000 ml**

For convenient basic cleaning. Loosens and removes even stubborn general dirt, skid-marks from shoes, oil and grease films. The colour and structure of the material are optimised, the formation of streaks and cleaning smears is reduced and resoiling hindered. For polished and matt porcelain stoneware surfaces. Also for glazed tiles.

**49 Marble & Stone Neutral Cleaner  
1000 ml**

Concentrate. Cleans and cares in one single step. Removes dirt and contamination when wiping. Refreshes the colours and forms a dirt-repellent film. Contains no wax and doesn't make the floor slippery. Pleasant fresh scent. For glazed and unglazed floor tiles.

**45 Grease, Wax & Dirt Remover  
1000 ml**

Concentrate for the easy removal of dirt, old layers of care products, wax and polish residues, skid marks, nicotine deposits and greasy and oily contaminations and building dirt. For interior and exterior use on stone, tiles and ceramic, plastic and metal. Also for furniture and cars. Ideal for basic cleaning before applying protection and care products.

**50 Granite & Marble Impregnation  
1000 ml**

Ready-to-use special impregnation. Limescale and water repellent, and reduces the penetration of dirt, moisture, paint, oil and grease. Stain-forming liquids can be wiped off before they penetrate the surface. Facilitates cleaning. For all absorbent natural and artificial stones. Also for sealing grouting.

**51 Granite Cleaner**  
**1000 ml**

Wax and acid free concentrate. Cleans and cares with its perfect combination of active ingredients, and protects against drying out. The natural beauty of the granite is retained. Floors are not made slippery. For all granite surfaces in living room, kitchen and bathroom and for commercial areas. For interior and exterior use. Ideal for work tops.

**52 Clinker & Paving Oil**  
**1000 ml**

Intensifies and refreshes colours. Accentuates the naturalness of the material and reduces the penetration of dirt and stains. Porous surfaces are made water and dirt-repellent and easier to clean. For clinker, paving, slate, bricks, clay, slit tiles and dry press plates. For interior and exterior use.

**53 Clinker Brick & Facade Cleaner**  
**1000 ml**

Dissolves the remains of mortar, lime and scale, cement residue as well as salpetre and efflorescence. Can be used for all kinds of fair-faced masonry work, interior and exterior, especially clinker, hard-burned brick, one-quarter brick and facing masonry work.

**54 Marble Polish**  
**750 ml**

Gives dull, matt coatings a fresh look and protects even new coatings against watery stains and dirt. Regular application reduces the signs of wear and tear and the formation of skid marks. Easy to polish and generates a brilliant shine. Evens out slight scratches. For all polished or finely ground natural stones.

**55 Marble & Stone wash and shine**  
**1000 ml**

Concentrate for regular everyday care. The penetration of dirt into the surface is reduced. Continuous use improves the appearance of the coating. The surface is more beautiful, the colour and structure enhanced. Shines without polishing. For all marble and stone surfaces. For flooring, window sills, wall coverings and kitchen worktops.

**56 Oil Stain Remover**  
**500 ml**

Dissolves and removes oil stains, oil grime, greasy and oil-like contaminations, also of mineral or synthetic origin. Gel-like consistency ensures long adhesion and effect of the active ingredients. Thus also for deep and old oil stains. For all absorbent and non-absorbent surfaces. For garages, driveways, roads, workshops, motor vehicles, etc.

**57 Rust Stain Remover**  
**750 ml**

Acid free. Independently removes rust and other metal oxide residues with a deep penetrating effect from all natural and artificial stones, tiles and ceramic surfaces. Is not corrosive and eliminates rust caused by iron-containing fertilizer, garden furniture and metal tools, dripping taps, heating leaks, metal fences, etc. For interior and exterior use.

**58 Stone Floor Gloss Care**  
**1000 ml**

Concentrate to care for and replenish the shine of hard, absorbent natural and artificial stone floors - without polishing. Forms a fine but hard-wearing surface film. Colour and structure are refreshed, the coating is easier to maintain, insensitive and more dirt-repellent. For initial treatment, everyday care and for forming walkways.

**59 Stone Sealer**  
**1000 ml**

Forms a waterproof, UV-resistant and silky gloss protective layer. The surface is water- and stain-resistant and stronger in colour and structure. The surfaces are easier to maintain. The protective layer is non-yellowing and durable. For all absorbent natural and artificial stone surfaces indoors and outdoors.

**60 Cement Residue Remover**  
**1000 ml**

Highly effective concentrate. Quickly and easily removes cement residue, mortar residue, lime deposits, efflorescence and inorganic contamination. For all acid-resistant surfaces.

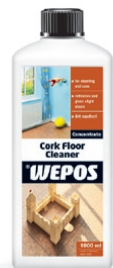

**61 Cement Residue Remover for Marble & Natural Stone 1000 ml**

Concentrate. Gently and effectively removes cement residue, cement remains, grout residues, lime deposits and soiling from surfaces sensitive to acids. For mild cleaning of sensitive coatings. For wall and floor space indoors and out.

**62 Oil Soap for Wooden Floors 1000 ml**

Care formula for daily cleaning and care based on natural soap. Refreshes the coating and maintains the natural appearance. Doesn't make the floor slippery, forms a semigloss care film and is anti-static. Prevents premature age-related effects. Protects wood from drying out. For natural, waxed and oiled wood and cork.

**63 Cork Floor Cleaner 1000 ml**

Concentrate. Care formula for daily cleaning and care. Removes dirt, greasy and oily contaminants. Refreshes and maintains the natural appearance. Doesn't make the floor slippery, generates a light shine and protects against the penetration of impurities. For waterproof sealed cork floors and cork floor in the residential and commercial sector.

**64 Laminate Floor Cleaner 1000 ml**

Easily removes dirt, skid marks, heel marks and rubber marks as well as greasy and oily contaminants. Refreshes the coating and maintains the natural appearance of laminate. For full laminate, flat laminate and veneered flooring in the indoor area. Especially suitable for wall and ceiling panels.

**65 Linoleum Cleaner 1000 ml**

Concentrate. Refreshes the coating and maintains the natural appearance of linoleum and linoleum parquet. Suitable for wiping and initial care of newly laid or stripped floors. Dirt adhesion is reduced and the everyday cleaning made easier. Protects the floor with a resilient anti-slip shiny protective film.

**66 Parquet & Wooden Floor Cleaner 1000 ml**

Cleans and cares. Removes dirt and skid marks with ease. Refreshes the coating and maintains the natural appearance of high-quality parquet and wooden plank floors. Doesn't make the floor slippery. Prevents premature signs of aging such as darkening, greying or fading. For all sealed parquet and wooden floors.

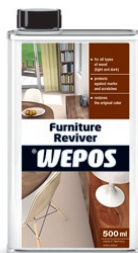

**67 PVC Floor Cleaner 1000 ml**

Concentrate. Cleans and cares for resilient floor coverings of plastic, PVC, CV, polyolefin and rubber. Easily removes dirt, old layers of care products and skid marks. Refreshes the coating and maintains the appearance of PVC. Suitable for basic cleaning and wiping, dirt adhesion is reduced and everyday cleaning made easier.

**68 Furniture Care 750 ml**

Cleans, cares and protects. Gently removes dirt and bonds dust. Treated surfaces are more intensive in colour and receive a natural shine. At the same time, the wood is protected from drying out. For all wood surfaces, also coated or varnished, as well as plastic and varnished surfaces in the household.

**69 Furniture Reviver 500 ml**

To refresh and renew furniture surfaces. Intensively cleans, nourishes and refreshes surfaces. Removes alcohol and water marks, films, nicotine build-up and other stubborn stains. Works deeply, renewing and nourishing the wood layer. Returns the wood to its original colour and grain. Protects against new stains. Suitable for all soft and hard woods, for light and dark, old and antique.
